Important: The Medical Acts listed in the table must be performed by Dentists, Stomatologists or Dentists, duly accredited. In the event that the Private Co-payment Amount is equal to or less than the agreed amount, the Provider must make a 10% discount on the Private value.

Treatments initiated at the private level cannot be continued at the policy level without the express consent of the doctor.

Notes:

Medical acts with the reference " No PC Mon. " (No Co-payment for the insured) have no associated value since these medical acts are reimbursed to the provider by the Insurance Company through the policy management entity.

Medical acts with the reference "See Note" do not have an associated co-payment value since they are included in the value of another related medical act.

Orthodontic treatment with lingual brackets includes all maintenance visits. The Orthodontic Study, as well as the Retainers, have their own codes, which are common to all orthodontic treatments, except with invisible aligners.
